

Green Force HID 50 Light System

Long burn time in a compact design

Green Force' reputation for sturdy and flexible underwater lighting extends to the HID 50, a small and compact light system that is easy to use and light in the luggage. The petite light heads burn 10 watts each (equivalent to 80 watts of halogen) for a full 2 hours on the Flexi I batteries or 4 hours on the Flexi II batteries. A wide 110 degree diffuser provides gentle, even light coverage. Well suited to the recreational videographer, the HID 50 system is durable and robust, and fully integrated to Gates housings.

Key Features

- Dual head HID
- 120 min FI or 240 min FII batteries
- Wide 110° diffused beam angle.
- Daylight-balanced 6200°K color temperature.
- Fast 3 hr international smart charger.
- Included mounting hardware for Gates housings.
- Optional battery mounts for other housings.
- 3 yr manufacturer warranty (1 yr batteries).

Specifications

* Light Heads (2)

- * Dual beam head w/diffuser
- * 10 watt actual each side
- * Halogen equivalent: ~80w

* Battery

- * Two FI or FII batteries

* Burn time

- * 2.0 hr / 120 min w/FI battery
- * 4.0 hr / 240 min w/FII battery

* Beam Angle

- * 110°

* Color Temperature

- * 6200°K daylight, balanced

* Warranty

- * 3 yrs (1 yr batteries)

* Construction

- * Aluminum shell light heads w/diffuser dome
- * Delrin battery casing

* Weight

- * Dry: 5.1 lbs / 2.3 kg
- * In Water: -1. lbs / -.45 kg

* Depth Rating

- * 300 feet / 92 meters

* Charger

- * 3.5 hr international fast smart charger

* Housing Mount

- * Optional hardware for Gates & other housings
