

Reporter 1000H - 110 V For Wide Angle Illumination

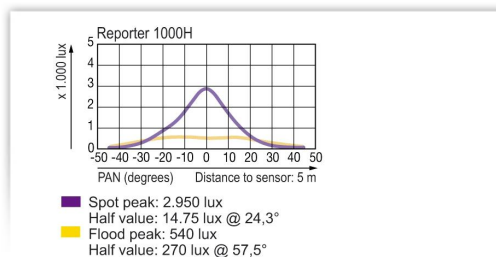

Thanks to its extremely wide-angle, even illumination, the R1000H is suitable for both portable and studio applications. Its robust die-cast aluminium casing is silent, even during warm-up, so you can start shooting straight away. And the perfect light traps make sure you deliver light to exactly where you want it. With its unique clamping system, the lamp socket holds the lamp tightly in place, creating the coolest of contacts – and a longer lasting lamp. You can even use the R1000H as a hand-held fixture simply by plugging the Sachtler Handle 2 into the stand socket with a 16 mm / 0.63" spigot.

Technical Facts

Voltage	110 / 120 V
Power	1000 W
Bulb Type	ANSI-Code:DXW, LIF-Code:P2/35
Bulb socket	R7s, 93 mm (3.6 in)
Weight	1.85 kg / 4.1 lb
Weight 4-leaf barndoor	0.55 kg / 1.2 lb
Focusing ratio	1:5.5
