

XL1 / XL1s Housing

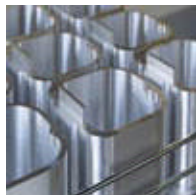

Now We're Talking Serious

The Gates XL1 / XL1s Housing is a serious alternative for working professionals. Designed specifically for the Canon XL1 and XL1s cameras, this expert design includes the Gates EM253 2.5" color viewfinder, and support for both 3X and 16X lenses.

Around the world the XL1 / XL1s housing is tasked with important projects, from underwater productions and marine research to salvage work and military ops. The experts know failure is not an option--that's why they never take a chance.... they take a Gates!

Key Features

Durable, "Bulletproof" machined aluminum, black type III 'hard' anodize finish, and sealed with a nickel-acetate process.

External Color Monitor gives you a big 2.5" picture of your subject for clear, no-guesswork images. (Standard)

Positive Lock stainless steel latches confirm your housing is sealed and secure.

External Flip Filter provides quick, effortless use of the color correction filter. Blue or Green water versions available.

3X and 16X Ports support the Canon 3X/16X lenses for a wide variety of on-location demands. Allows up to two lens filters or diopters to be used.

Reliable Fingertip Controls are 100% Mechanical -- no sticky buttons, faulty electronics or dead batteries!

Quality Optics means clarity, sharpness and no vignetting (cutoff dark corners) to spoil your images.

2-Year Warranty. Only Gates offers a 2-year renewable warranty on all housings.

Accommodates all Camcorder Battery Sizes for maximum shooting between re-charges.

Award Winning Design. Gates housings are born of the same technical expertise that garnered an Emmy for Technical Achievement.
